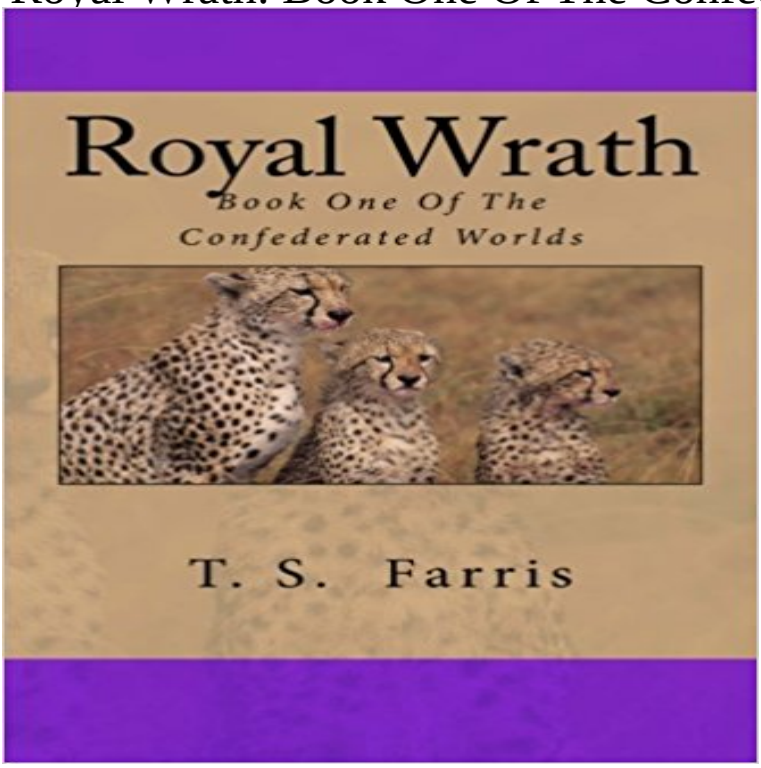
Royal Wrath: Book One Of The Confederated Worlds



When Felian Princess Alexandria Ische, an ambassador for the Confederated Worlds, is sent to evaluate Acril for membership in the Confederacy, shes already way past due for a vacation. Shes just not ready for seasonal storms, a broken translator device, desperate immigrants, a deadly Wark, and a headache that just wont quit. On top of everything else, theres this huge cat thats making her head spin and bells ring. And how is she supposed to stay celibate when there are so many handsome men around? Its just too much for one woman to handle. But the Ische family always works together whenever theres a problem, even when they keep cropping up from all directions. And its never wise to irritate the Queen, especially when a family member is missing.
