

3 Book Bundle---A Whisper in Space, Big Damn Love Story, and The Chancy Cargo: 3 book value bundle, save 40% (Adventures of the Spitfire Crew)

Books 1-3 of the breakout series, compiled in a value-pack for new readers. Miles Knighton is a bounty hunter for hire, whose current mission is to take into custody an intergalactic criminal who flies by the name Santagello. Shorthanded on crew, coin, and fuel, Miles and his crew must avoid the hazards of space, while fending off threats in all directions. He also must work to assemble the crew he needs, if he is going to have any chance of catching his prey, while ferrying a load of temperamental passengers in an effort to generate a little extra coin. In this action packed Space Western series, survival is dependent on personal fortitude as Miles and his crew explore a galaxy in which those on the frontier have only the barest essentials, while others have the most modern technology available.
