

# A Complete Concordance to Flavius Josephus

Brill is pleased to present this Study Edition of the Complete Concordance to Flavius Josephus, including the Namenworterbuch zu Flavius Josephus, in two handy volumes. We expect it will prove to be a valuable resource for scholars and students alike. The significance of the works of Flavius Josephus, the 1st-century Jewish historian, as sources for our understanding of biblical history and of the political history of Palestine under Roman rule, can hardly be overestimated. This Study Edition is an unabridged version of the widely acclaimed concordance to the works of Josephus, originally published in four volumes. This concordance has since gained a prominent place as an indispensable reference tool for anyone involved in the study of biblical literature and of Roman Palestine.
