

The Aliens Who Knew, I Mean, Everything and Target: Berlin!

These two short stories serve as a wonderful glimpse into the mind of multiple Hugo and Nebula Award nominee George Alec Effinger, a singular talent in the world of SF. In *The Aliens Who Knew, I Mean, Everything*, benevolent aliens have arrived on Earth, sharing their knowledge but also their annoying, overbearing opinions about every little thing. *Target: Berlin!* offers an absurdist ride through an alternate version of World War II, in which Effinger has reshaped the aerial campaigns into battles by car.
