

Archetypes: The Crusade of Chao Lo

In a world where battle is as common as life itself, deities rule the realm known as Pneumos Regnum. Titanus Occisor Pike is a unique god with an unusual power and though He cannot remember anything about His life previous to His reawakening, He will stop at nothing to discover the truth of His past, and the importance of His future. Humanity will play an important role in the unravelling of this enigmatic deities identity, but only if He saves us first. Take a trip into the exciting world of the gods as an expansive timeline based story unfolds a few million years at a time. Can mankind help this fractured god on the path to discovery, or will they succumb to the great Dracos army that has followed Pike to our planet? In an adventure so grand, only time can tell.
