

## Esopus 14: Projects

Esopus is a twice-yearly arts magazine that provides fresh and unmediated perspectives on contemporary culture from a wide range of arts professionals. The 14th issue of this award-winning publication is composed entirely of 12 artists projects from both established figures such as John Baldessari, Judy Pfaff and Kerry James Marshall and emerging talents such as Roxy Paine, Barbara Probst and Marcia Kure. The publication's largest issue to date, Esopus 14 features 11 different paper stocks, six foldouts, a 25 x 37 poster and more than 30 removable inserts. And as always, the magazine closes with a themed audio CD--this time featuring songs by Doveman, Sharon Van Etten, PS I Love You and nine other musicians inspired by visual artists ranging from Gian Lorenzo Bernini to Chuck Close.
