

Eterna (The Elektita Series Book 2)

Faced with the realization that not only do witches, werewolves and who knows what else truly exist. Alexis Davis comes face to face with fate. The Elektita have played their hand and now it is time for her to decide if she will rise to the occasion or succumb to her volatile destiny. As Alexis power rises, danger seems to pop up at every turn. A past, present and future that span over this life and the lives that she has lost, haunt her every dream. Glimpses into who she has yet to be, cause her to question each decision she is forced to make. Alexis comes face to face with revelations that may ultimately help or hinder. Alliances questioned as she heads full force into a storm built from revelations, secrets and lies. While fighting for, not only her fate, but the fate of the world, love seems to have picked a fight of its own. A choice between a dark and brooding Sebastian Gates and Jonathon Evans with his kind heart and tender soul is made more difficult as motives are questioned and truths become lies. Can this life become the last? Will Alexis tap into her control and finally get the answers she deserves?
