

Behind Locked Doors (Devils Grace)

With the memory of a hallway taken by fire and a closed door at its end, seventeen year old Tempest Laurier unwittingly discovers that danger reaches close to home when she decides to search for her birth father, bringing more than demons out of the shadows. Finding herself caught in the middle of a conflict among two worlds of the Species, the faeries and demons, this sets her on a crumbling road of physical and psychological pain, along with loss as relationships are tried and truths are discovered. The one thing Tempest never saw coming is an ugly secret straight into the heart of what should be her normal human life.
