

Fundamental Behavior

Intercepted e-mails alert Homeland Security to the possibility of a terrorist attack on South Florida staged from a Bahamian island. Rhonda and Morgan Early are again recruited by the Drug Enforcement Administration to monitor suspicious activity on Bimini, located just fifty miles from Miami. Ahmed Atta needs money to implement his plan to kill sixty-five thousand Americans. He busts convicted cartel leader Victor Torres from jail for one million dollars. When Rhonda and Morgan learn of suspicious activity on Bimini, they rush to the island to thwart any potential danger. Torres inadvertently assists the terrorists by attempting to avenge his earlier capture by Morgan and Rhonda. He snatches their son and lures them to his trafficking headquarters on Plana Cay with the intent to brutally murder them. Meanwhile, Ahmed Attas brilliant plan to kill an unfathomable number of Americans proceeds unabated.
