

Duality of Voice: An Outline of Original Research,

Excerpt from Duality of Voice: An Outline of Original Research BY the time this book will appear, nearly six years will have elapsed since I discovered the voice of the ?sophagus, and almost five since I published a preliminary account of this discovery in a book entitled The Basic Law of Vocal Utterance. This discovery, though the most comprehensive and far-reaching of any that has ever been made, not only in regard to the voice, but in regard to the better comprehension of our nature and our entire human existence, has remained as unknown to the world as if it had never been made. Yet About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
