

Burn for Me (Edanholme Book 1)

Brutally woken up to the fact her life was nothing more than an illusion, Cat Ireland faced a different reality, one where she was hunted by a relentless warrior of the Sidhe nation. Unwilling to relinquish a life as a human, she refused to submit to the demands of a malicious ruler of a once noble realm. Cat fought for survival, sanity and the losing battle to deny a gorgeous male as her eternal mate. Drusal, Dark Hound to the Queen of the Sovereign realm, had been ordered to seek out his decreed mate, the only living kin of a depraved Monarch. A seemingly human female repulsed him, even as her stubborn refusal to accept the servile fate mapped out intrigued a proud Sidhe Noble. Fae glamour and human scepticism clash as they form a tentative truce to save what remained of a once illustrious society. Hot passion and a craving for love paved the way for desires to be fulfilled. But would it be enough to breach the barriers of distrust..
