

## Etched

She was found abandoned. Her name forgotten. Her memory taken. In a decaying world ravaged by an untamable forest, seventeen-year-old Basil had a comfortably secluded life. She lived by a few unspoken rules, NEVER cross into the forbidden wing of the Manor, dont trust any OUTSIDERS, and to ALWAYS keep her etching covered. Ever since she had been discovered, she always followed these rules...until, Basils etching begins to burn, memories start rushing back, and a silver-eyed boy, an outsider, appears. Basil soon uncovers why these whispered regulations were put into effect, not only to protect her but everyone around her.
