

blood and loss (Cassandra Myles Witch Series) (Volume 1)

If you lost everything that made you who you are could you recover? Would you be stronger than before or would you crumble under a mountain of grief? When Cassandra Myles is faced with this question her answer is to do what ever it takes to move on. When things seem their darkest two people enter her life and help her in her time of need. One is her boss. His name is Quintus and he is a very old and very powerful vampire. He offers her the opportunity to start fresh in a new city. He becomes her mentor and friend. She would do anything for him. The other is her roommate and best friend Declan. He is caring, charming, gorgeous and in her eyes perfect in every way except one. Cassandra feels they are meant for each other and Declan feels he is meant for every woman who walks in his bar. Her new life wasn't perfect, but it was getting there and she was happy. Then Quintus comes to her and tells her what was once lost can now be restored. A painful part of her past can be undone. Will this make her life complete or should some things remain buried. mature content and sexual situations over 18 only
