

# Glyphmaster (Glyphpunk) (Volume 3)

War has been averted, the Societys power diminished, but peace has yet to reach the shores of the Scarred Sea. As unrest spreads, there remain a few finishing touches to making the world as Thjorn wishes it to be. But the hallucination of his dead friend wont let him work, and others have their own ideas about how things should be. The final plays are being made, as pawns and players alike are moved into place.
