

Love: Ann and the Viking (Fate and Fangs Book 1)

The Vampire Family has a long and torrid past, present, and future. In FATE and FANGS, the family's Occult scholar Professor A. James shares vampire vignettes of love, punishment, struggle, debauchery, lust, humanity, and resurrection. In this medieval tale, scorned vampire mistress Ann leaves vampire family patriarch Antonio behind, travels across Britain, and encounters a wayward Viking named Eric. Will Ann accept her true vampiric nature and turn her Nordic lover into a vampire?
