

## Twist of Fate (The Conventions of Malice Book 2)

Determined to reach the dwarven mines despite the unnaturally fierce storm that drove them off-course into unfamiliar Ipshaladan territory, Callenda has persuaded Cordun and Apollo to set aside their misgivings and risk crossing the Naagi Mountains using a potentially unreliable southern pass. However, when an unexpected and to her mind, untrustworthy member joins them, her suspicions threaten to sabotage their efforts to find the High King. Meanwhile, elsewhere in Ipshalad, the Ithakans attempts to rescue Luke are unsuccessful and dissension arises amongst them. And in Sadanalad, Zer a kul struggles valiantly to overcome his demons, as does Vic on Marzok though he, far from valiantly. Trapped in lies hes loath to admit, his dealings with Kronorat cause him to plunge into a state of paranoia from which he has little hope of escape.
