

To Jonas Morris Sealy, Esq., As a Small Tribute of Affection and Admiration: Of His Various Powers and Accomplishments of Mind, This Brief History of ... by His Attached Brother (Classic Reprint)

Excerpt from To Jonas Morris Sealy, Esq., As a Small Tribute of Affection and Admiration: Of His Various Powers and Accomplishments of Mind, This Brief History of the Imagination, Is Inscribed by His Attached Brother Ten years having elapsed since the first publication of this Essay, as an inaugural thesis for my degree of Doctor of Medicine in the University of Edinburgh, I now offer it to the profession and the public, in the English language, with such additions, alterations, and corrections, as my reading, reflection, and observation have enabled me to make and collect. Within that time the industry and intellect of Europe have effected much for science in all its departments, physical nature has been ransacked, and scarce a corner of existence left unexplored.
