

Brain Busters II: Picture puzzles to sharpen right-brain thinking and music knowledge (Grades 3+, Reproducible Pages)

Brain Busters are picture puzzles that represent music terms, symbols, composers, performers/artists, and works. They are ideal for use in the classroom, for the homeschool teacher, or for anyone who enjoys solving puzzles and has an interest in music. Like the best-selling original, Brain Busters II is designed for grades 3 and up. For ultimate flexibility of use, the puzzles vary in difficulty, as do the bonus questions that are included with each puzzle. Use these questions as extra credit or to extend the activity. Answers are provided and permission to reproduce for single-classroom use is granted.
