

Ghost/Batgirl, Edition# 3

Ghost has two unnerving encounters. The first is with Carver -- one of Two-Faces murdered henchmen who has been resurrected by the crime lord Greymater -- who provides Ghost with a frightening glimpse at what its like to really be dead. The second is with Batgirl, whose life prior to donning the cape may have been even bleaker and more disturbing than Ghosts own. Meanwhile, having located her missing friend, the wheelchair-bound Barbara Gordon must wrestle with the consequences of returning the girl to her parents. But has exposure to Greymaters Resurrection Engine left the girl more undead than alive? All this and a battle with Towering Chris, too!
