

Mozart for Electric Guitar

This edition features new electric guitar transcriptions compiled from the music of Wolfgang Amadeus Mozart. The collection includes 11 pieces including Eine Kleine Nachtmusik K525 I, Rondo alla Turca K331 III, Sonata K545 I, and Symphony #40 K550 I. As with other editions in this series, these transcriptions are intended to be performed with a pick employing string-skipping, alternate, hybrid, and sweep-skipping techniques. The selections have been performed in a variety of settings from accompanied solos to a sextet. Companion audio downloads are available that features all eleven pieces as well as bonus tracks to the multi-guitar selections with the first guitar absent to allow practice/performance with the audio. The book is divided into two sections, the first of which includes music for solos, duets and parts for larger ensemble transcriptions. The second section features full scores, canon solutions and the piano accompaniment score to the Turkish Rondo. Written in notation and tablature. Free audio downloads are available for use with this title.
