

A Memoir of Hope (Memoirs of Life)

Hope is a candle in the darkness, and its song sounds sweetest when sung at night. Get ready to experience the journey of a chaplains wife as she loses and finds her faith in a prison camp. This story is as dark and gritty as they come, but even in Hades there is unexpected beauty... because the celestial touch of glory is there. Marna is now a compromised country. Her leader is under the power of a foreign foe. Her people suffer under the boot of heavy-handed taskmasters. The third generation of Memoir of Life characters are seeing harder times than ever before. Hope is one of many women attempting to pave a way for her family through the sludge, but when she makes a poor decision and negotiations sour, she is left at the end of herself and in need of rescue and redemption. Who is her true ally? Her prison camp commander, or her childhood deity? She is about to find out.
