I want to turn you into a studying machine. I want to make you such an effective studier that studying is going to be a skill that you have and possess. Its going to be a strength of yours that you will feel proud of. Its going to carry you through your entire life, and not just your schooling days and college days. Studying is very near to my heart because this is a skill that is actually developed and acquired. I didnt always have this skill. I wasnt always an effective studier. I struggled through much of elementary school and middle school.
