

80AD - The Yu Dragon (Book 5)

This is it. The final Level of the Game. China in 80AD is the stage for the final showdown between Phoenix and Jade and their arch-enemy, Feng Zhudai. Things don't start off so well, though. Jade is a prisoner, separated by vast distances from her companions; in the hands of Feng Zhudai himself. Phoenix and the others have to find her before they can even think of freeing her. What have they got to work with? How can they fight Feng Zhudai's incredible magical powers on his own home ground? How can they fulfill their quest to master the Yu Dragon, when they don't even know where to find it or what it looks like - or how to go about mastering a dragon? To top it all off, they must stop Feng Zhudai from taking control of the Han Empire and the world. If he wins this round, it's all over. Everything and everyone they know and love will be destroyed - in both worlds. With the fate of this world and their own in the balance, Phoenix and Jade have insurmountable odds stacked against them - and they keep getting worse. Feng Zhudai unleashes everything he has at them. Phoenix and Jade must make some tough decisions just to survive. Can they make the sacrifices required to win the game? There's a twist at the end no-one will expect.....
