

## Lady of Wolves (Evalyce Worldshaper) (Volume 2)

After claiming two of Amaraaq's three aspects and freeing Vander, Kalla kyl Solidor has become the Mother of Wolves. But taking a Consort has woken the Lady, and their stay in Arkaddia will result in unexpected shifts within Kalla's tiny, yet growing pack. She will learn more of who she is, and of the role she is to play in the future. From Arkaddia, the group travels deep into Dashmar to challenge another of Aldhumarnas' pawns, and Kalla will be pushed further along the path to claiming her last aspect - The Empress. An estranged family will be reunited, but not without considerable strife. World-shaping changes await the land of Evalyce, the whole world of De Sikkari, and Kalla kyl Solidor: the Mother of Wolves.
