

# International Tax Planning

The authors of International Tax Planning are tax specialists representing both high-tax and low-tax jurisdictions. They address tax issues that impact business enterprises as well as individuals, presenting a sampling of issues, each addressed by a commentator whose practice deals directly with such matters on a regular basis. Countries covered are: AustriaFranceGermanyGibraltarItaly, LiechtensteinSpainSwitzerlandthe NetherlandsNetherlands Antilles U.S.A The reader will find a wealth of useful information, not only on the complexity of international taxation, but also its potential for the resolution of conflicts and the mitigation of unfair tax burdens through amortization and international cooperation.
