

# The Red-Cross Knights. A play, in five acts. As performed at the Theatre-Royal, Hay-Market. Founded on The robbers of Schiller. By J. G. Holman.

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The eighteenth-century fascination with Greek and Roman antiquity followed the systematic excavation of the ruins at Pompeii and Herculaneum in southern Italy; and after 1750 a neoclassical style dominated all artistic fields. The titles here trace developments in mostly English-language works on painting, sculpture, architecture, music, theater, and other disciplines. Instructional works on musical instruments, catalogs of art objects, comic operas, and more are also included. ++++The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification:++++British LibraryT045445The advertisement numbered [i]-iv is inserted between pp.2 and 3. Variant: at foot of Dramatis personae is added an erratum on Perez.London : printed and published by Geo. Cawthorn; sold also by Messrs. Richardson; H. D. Symonds, J. Wallis, and W. West; and J. Wright, 1799. [2],iv,[4],7-68p. ; 8
