Reviews: 5.0 out of 5 stars Very informative, May 5, 2014 By Mike M. Mike (Florida) Verified Purchase This review is from: The Ultimate Guide To Pug: What Everybody Ought To Know About Pugs (Kindle Edition) I am trying to decide whether to get a Pug or a French Bulldog, so Im sucking in all the information I can get about both. I learned a few new things about the pug from this book. I had no idea about the bladder issue. Thats definitely something to take into consideration when I make my decision. Great little book that should be read before joining the pug owners world. 5.0 out of 5 stars Well Written, Short and to the Point, April 17, 2014 By Dennis Nolan Dennis Nolan (Missouri, United States) Verified Purchase This review is from: The Ultimate Guide To Pug: What Everybody Ought To Know About Pugs (Kindle Edition) Finding this book was very timely for me. We adopted our own Pug a few days ago. She is a 1 year old little girl. I believe this book is the only one I will need to give this little gal the proper loving care that she needs. What I like most is that it is well written, short and to the point. Each chapter flows nicely and it is makes a very good book to keep handy as a reference from time to time. This book is short and sweet just like our newest addition to the family. It definately deserves 5 stars. 5.0 out of 5 stars Very Well Written Book!,
