

Serpents Lair: The Forgotten: Book 1

Laynas simple life has turned into a fairy tale. From unassuming maid to hopeful Queen, having survived the tumultuous world-saving quest that was thrust upon her...shed hoped that the birth of her daughter would mark the beginning of her happily ever after. Fate, however, has other plans. Taking the throne in the wake of the destruction caused by King Nathairs use of blood-magic turns out to be more treacherous than she imagined. Her innocent nature makes her want to trust in her aides, but in reality, shes been thrown straight into the heart of the serpents lair. Meanwhile, Katya is still searching for her elusive other half, without whom she is destined to carry a terrible curse: That those she cherishes will suffer. Already she has had to deliver the fatal blow to the man she loved, and she sets off alone to avoid a similar fate for anyone else. Her wanderings lead her to discover the existence of a people calling themselves the Forgotten, and her resolve to avoid getting too close to anyone is tested when she meets a charming tribesman who keeps thwarting her attempts to steer clear. Continue the Eleventh World Saga in this story of betrayal, kidnappings, monsters, and new magic in Laura R Coles Serpents Lair, the beginning of the exciting sequel to the BloodRunes Trilogy.
