

Refugees from the Righteous Horde (Toxic World Book 2)

When you only have one shot, you better aim true. In a ravaged world, civilizations last outpost is reeling after fighting off the fanatical warriors of the Righteous Horde. Sheriff Annette Cruz becomes New City's long arm of vengeance as she sets off across the wildlands to take out the cults leader. All she has is a sniper's rifle with one bullet and a former cultist with his own agenda. Meanwhile, one of the cults' escaped slaves makes a discovery that could tear New City apart. . . Refugees from the Righteous Horde continues the Toxic World series started in Radio Hope, an ongoing narrative of humanity's struggle to rebuild the world it ruined.
