

## Sea Patrol: The Perilous Journey

An adult fantasy which challenges any and all epic fables of environmental calamity. Finally, a hugely entertaining and no less amusing yarn that says, Hold on Sea Creatures, we are about to save the world! Whatever you thought about the viability of Hermit Crabs, Samurai Seahorses, Lantern Fish, Sentry Fish, Hammerhead Sharks, Sea Hags, Sea Turtles, Sergeant Major Fish, and an entire Old Deep Blue of other irascible Sea Creatures to save the planet, you will now have to re-think. And as you do you'll find yourself laughing like a child even as you dry a tear for our planet, for our future, and for the brave Sea Creatures who are creating it.
