

Annabelle: The Kashis LeRont Saga

Kashis LeRont is the son and heir of King Marcus LeRont, the ruler of all vampires and his world has just been turned upside down when his old human attendant is replaced by the stunning Annabelle, who becomes his only obsession. The human race had squandered the earth and destroyed almost all its resources in a war that was on course to end the world. King Marcus along with the Vampire Council made the decision to no longer hide in the shadows and watch the planet be obliterated. Taking action they decimated and enslaved the human race. Humans are now raised in camps to prepare them for a life of labor or cattle. Kashis begins to see the wrong in this system and begins a journey to change the world, but everything is not quite what it seems.
