

Easy Organ Classics (Dover Music for Organ)

Beginning and intermediate organists can sample a wide variety of composers and styles with this excellent collection. Ranging from Palestrina's 16th-century Ricercare to latter-day works such as Sigfrid Karg-Elerts' Improvisation on Nearer, My God, to Thee, it spans more than four centuries of music. Selected from authoritative sources by musicologist and organist Rollin Smith, this compilation features such famous works as J. S. Bach's Pastorale, BWV 590; Couperin's Chaconne in F; and Handel's Concerto No. 13, The Cuckoo and the Nightingale. Other well-known selections include compositions by Brahms, Gounod, Haydn, Liszt, Mendelssohn, Vierne, and Widor.
