

The Awakening (Hope and Magic) (Volume 2)

The second short novel in a series of three. Hope has been under a sleeping curse for ten years. Now she's about to wake up and discover how different the world is from the one she knew before. Witches outnumber humans. While many humans have magic, it's not enough to defeat the witches. That job falls to Hope and her twin brother Ben, but neither of them are sure how they're supposed to fulfill their destiny.
