

The Artifact of Foex

When Chet, a graduate student of archaeology, is invited to show a gorgeous woman named Journey around their summer dig site, he has no idea what hes in for. For one thing Journey isnt a woman: shes Flame, one of the reviled, shape shifting, gender-fluctuating people of Uos. Then Journey uncovers a deadly secret in the dust. Chet must run to keep up with spies, murder, long-lost magic, and a romantic dream embodied by a 332 year old man who holds the key to absolute power on the world of Uos. (Other, M/F, M/M)
