

Personality Analysis of Adolf Hitler: Adolf Hitler According to Different Personality Theorists

Adolf Hitler was born in : 1889, Austrian town named Barnau ,in a family of peasants. Hitler was a smart, lazy child, forced to leave high school due to a total academic failure. The reason might be having a Dictatorial , brutal father who dominated his life, and beat him, this is why he was attached with his mother.Hitler volunteered for the German army in the List infantry regiment of the Bavarian army. In the army, he was awarded recognition for his bravery, competency,conflicts and many other variables of personality. According to him I am one of the hardest men Germany has had for decades, perhaps for centuries, equipped with the greatest authority of any German leader... but above all, I believe in my success. I believe in it unconditionally. (M.N.O. 871)
