

Phoenix Taboo

When the second Phoenix was born, the Drayan Empire fell. When the empire fell, a fairy offered a simple prophesy. The dictator Drenell will fall by the combined efforts of four Phoenixes. Alessandra Kassano is the second Phoenix, she is also a half-breed. Her half- Demon, half- Drayan heritage gives her extraordinary power, and an uncontrollable feral Demon form. When Alex is betrayed by the first Phoenix, she and her friends must decide if some people are truly worth saving.
