

Red Dagger Hood: Keeper of the Crimson Phoenix

~~For Serena Woods her life was never pitch perfected. She went from bad relationships to dreams and nightmares that she could never understand. And a feel of desire for a man she has never known yet only in her dreams he has sought her out. For in one instant her life had changed and to awaken to a power that took flight within her. And to learn that demons and monster you read in stories truly exist in world unlike her own and for a man who... is determined to claim her. For he sets ever part of her feelings for him on fire.~~

~~Marcos DeClane, a worrier of grate strength and defender of Sage, leader of the Red Dagger Hood. For centuries he had fought to protect the realm and the lands of his people from humans and now he fight to save the woman who has captured his heart for she is the key to his every desire that burn as fire and shake as the earth beneath him.~~ ~~~But for Marcos she was human and carried the one thing that can kill her. Can he protected her from the Jake and his Jackals or will he let his passion for his people lead to her death?~~~~ ~~~Or will destiny bind them to gather.~~
