

AD/HD Attention Deficit / Hyperactivity Disorder: Complete Series (DVD) (Pediatrics and Obstetrics)

Professionals in health care, education, and anyone who works with the public will benefit from the information in these programs. The viewer will gain insight into recognizing when AD/HD might be a factor in observed behaviors, and methods for interacting more effectively with these individuals. The information in these programs also highlights the impact of increased technological exposure on this disorder. Also available as individual programs.
