

Rackstad-Dansen (Swedish Edition)

Mycket har skrivits om de charmiga artisterna i Rackstad. Fakta har blandats med fantasifulla berättelser, och allt har fått ett legendens skimmer. Ut ur detta myller av skildringar har jag framforskat, bekräftat, samlat information och stoff till Rackstaddansen under 25 år. På så sätt kan boken vara en resurs för konstnärer från hela världen som läser svenska eller engelska då den även ges ut som The Rackstad Dance. Som barnbarn till två av skaparna, upplevde jag konstnärerna och hantverkarna och kan se framför mig hemmiljöer och situationer, höra ljudet av artisternas röster och minnas gester och kroppsspråk. Konstverket runt omslaget symboliserar den skickliga blandningen av konst och hantverk som Rackstadskonstnärskoloni stod för. Den nästa bonaden skapades i Sandstaberget vid Racken 1906 av syskonen Sahlström. Senapsfärgen föreställer ljuset från brasan och de röda figurerna är vännerna som byggde en dynamisk gemenskap av estetisk energi; langdansen är det fantasirika samspelet av hantverksexperten och konstnärlig inspiration vilket tände skapargnistan i kretsen runt Taserud, Myra, Rackstad, Perserud, Langvak, Mangskog och långt vidare.
