

Rainbow of Hope

Grief and loss is an inevitable part of our lives. Children, especially, can have difficulty understanding and dealing with the grieving process. Through these sensitive and inspiring stories, children learn how to cope with many different kinds of loss. This kit includes a Leaders/Parents Guide and 10 individual children's story booklets, with heart-felt stories that address many different types of grief and loss that children experience. Each story booklet covers one of the following topics: moving, adoption, house fire, new baby, divorce, dealing with bullies, foster care, death of a pet, death of a friend and death of a parent. The Leaders/Parents Guide provides useful hints and suggestions, as well as discussion questions, interactive activities, and follow-up tips for parents. (Grades PK-6)
