

Red Sapphire: The Sita Chronicles - Book One

A captivating saga featuring interwoven stories across generations, cultures and continents, RED SAPPHIRE pays homage to its roots in the beloved Indian epic, The Ramayana, with an enchantingly vivid and unabashedly global tale. As key figures from the ancient Hindu pantheon join modern counterparts in present-day San Francisco and WWII India, RED SAPPHIRE brings together a delightfully complex counterpoint of thrilling arcs into an emotional narrative punctuated by mesmerizing imagery, philosophical dilemmas, and tender human stories. The young, timid dreamer, Supriya Rutherford Ramachandran, always wondered what happened to her father and her grandmother when they disappeared without a trace just weeks before she was born. But, when she discovers a hidden box of letters in the attic of her family's San Francisco Victorian, she quickly realizes that perhaps, she rather would not know. As Supriya uncovers a dark family secret, a surprising supernatural identity, and a frightening cache of uncontrollable power destined for her, a diverse otherworldly ensemble must help her overcome incredible odds to master the burden of her new self-awareness while the fate of all humankind rests precariously in her hands. RED SAPPHIRE is the first book of the seven book series THE SITA CHRONICLES.
