

Revolution

The illustrations in this striking picture book/ graphic novel are made with ripped paper. You can see the frayed edges giving an unexpected softness to an otherwise very graphic style.--Book-by-its-CoverA unique picture-book for adults, Revolution is a powerful political allegory in red, black, and white. French artist Sara's simple yet forceful collage art evokes revolt, repression, and war, but also immutable freedom in the face of tyranny. Her torn-paper technique draws the reader into and beyond the struggle for liberty. This English-language edition includes an introductory essay on various peoples revolutions and struggles. Sara is an artist who lives and works in Paris. Her books include La laisse rouge, A Quai, and the play Senvoler. In 2006, pieces from Revolution were shown in several museums in Japan.
