

Buying A Dog

Puppies for sale is a term that can set your heart aflutter when you are in the market for a dog, however as soon as you decide that you wish to buy a dog you must snap out of this frame of mind and change into a much more alert state to avoid being ripped off by unscrupulous backyard breeders and all other manner of tricksters who are hell bent on stealing your money. A puppy will grow into a dog that you will have for the next 10 15 years so its important that you choose wisely without being rushed and How To Buy A Puppy Without Being Ripped Off By Unscrupulous Backyard Breeders will help you do just that. Written by a dog lover who became a breeder, Ian speaks to you the way he wishes someone had spoken to him when he bought his first puppy. However Ian was fortunate to get an excellent first dog and then went on to read just about every piece of literature he could find on dogs, dog behavior and dog psychology, so that by the time Ian started breeding dogs he had developed a great love for these most loyal of animals and it is this love that has led him to write this book. Here is some of what you will discover in How To Buy A Puppy Without Being Ripped Off By Unscrupulous Backyard Breeders:

1. How to recognize an unscrupulous backyard breeder
2. Why you should never get a dog from a dog shelter
3. Why you should never buy a puppy from a pet store
4. A popular puppy scam that has been reported by the American Kennel Club
5. A comparison of the different breeds of dogs
6. The complete list of American Kennel Club recognized breeds
7. Learning which breed is just right for you
8. Why you should never get two puppies from the same litter
9. The proper socialization for your puppy before you take delivery of him
10. What to look for at a breeders premises
11. How to check if there are complaints against a breeder
12. How to prepare for your puppy
13. How to house break your puppy in one month or

less14. And so much moreBest of all, this book is a very easy read that is written in simple to understand language. It is important to understand that the price you pay up front for your puppy is a small part of the overall amount of money you will spend on your puppy during its entire life with you. It is also important to realize that a puppy will grow up into a dog that will be an integral part of your family. As a result it is vitally important that you make the best possible choice right from the start as this single action determines your ultimate experience whether you are satisfied or dissatisfied down the road. More than 50% of all puppies bought are abandoned or turned into shelters every year. By informing yourself before you buy you are greatly reducing your risk of adding to this very heartbreaking statistic. By the time you have completed this book you will be well informed and likely to make the best decision for both you and your new puppy Good Luck and I wish you many happy years with your new best friend!
