

## Weldons 6D Knitting Series #5 c.1939 - Vests & Pantie Sets, Ladies Vintage Lingerie in Knitting

19 pages. Oooo La La! What a fantastic assortment of delicate ladies underthings this book contains! Published at the time of WWII, this well-illustrated book contains nine different sets of delicate lovely undergarments for the fashionable lady of the 1930s. The patterns include a simple overshirt and pantie set. The Sybil, a smart lace two-piece in a diamond pattern, and the Halcyon - a two piece set with delicate cables in the vest. Next is the Monica design, a form fitting one-piece vest with ribbon straps and the Ruth, a sexy form fitting design worked in ribbing. Next are two similar sets, the Marjorie and the Sonia styles. These two are a charming open work design with spaghetti straps that are form fitting and flattering for your figure. Next is the Flora set, a two piece design in simple knitting and lastly the Femina, a simple design that is also worked in plain knitting. An excellent book of fine underthings! REPRODUCTION
