

Scrappy Women in Business: Living Proof that Bending the Rules Isn't Breaking the Law (Scrappy About)

Although some people make it look easy, the reality is that the path to success is often convoluted and messy. It's tempting to believe that the professionals surrounding us somehow have their act completely together while we lurch fitfully onward, but the real story is often much more complicated and chaotic. This refreshingly honest book provides welcome reassurance for every businesswoman who's ever wondered, "Is it me, or has the whole rest of the company gone nuts?!" Each chapter is a fascinating description of one woman's unlikely journey, and every story is teeming with personal insights and practical tips to encourage you along the way toward your own goals and dreams. The human side of each achiever comes alive as she shares her challenges, choices and achievements in a just-between-us tone that educates as it entertains. If you've ever had one of those days where your co-workers seemed to grow horns or you were tempted to sink into the icy couch of despair--you are not alone! Once in a while we need to take a well-deserved break. Reading even just one chapter from *Scrappy Business Women* will refresh your spirit and invigorate you for the next sprint. If you're a seasoned professional, you'll see your own journey reflected in those of these women. And if you're just starting out on your professional journey, the wisdom in this guide will save you a whole lot of time and aggravation!
