

## Mallys North West Morris Book

Here is a collection of tunes, all suitable for North-West morris, that are all currently in use. Its purpose is to give musicians new to the genre a convenient source of material. This book's contents provide an excellent selection of simple to moderate tunes for the beginner and also for use in a country dance band, as well as for accompanying traditional dances. This package is ideal for the inexperienced musician wanting to progress in traditional music. The tunes are clearly written in large note music in a simple but accurate form for any melody instrument. Chord symbols are also given, suitable for melodeon (button accordion), piano accordion, guitar, or any chording instrument.
