

The Art and Architecture of the Indian Subcontinent: New Enhanced Edition (The Yale University Press Pelican History)

The glories of India's five-millennia-old artistic and architectural heritage are illuminated in this scholarly account. The book deals with the entire subcontinent, including Afghanistan, Pakistan, Nepal, Bangladesh and Sri Lanka. Thirty years research and first-hand knowledge of the area have enabled the author to trace the cultural contacts which have contributed to the rich mosaic of sculpture, temples, mosques, and painting that have gone toward the creation of one of the great civilizations of the world. Technical terms are explained and the main map pinpoints all the areas, monuments and sites referred to.
