An unexplained discovery from the past lies dormant. An ancient energy force originating from the Earth's Moon awakens to unleash powerful catastrophic evil consequences upon Mankind... Striking into the heart of the West Midlands, the energy is drawn to Holy artefacts concealed within the Ruins of an ancient Priory. Situated in and around the ancient site of Dudley Castle and Priory Ruins, local citizens and military forces alongside international counterparts become involved in a collective effort to seek out and destroy the unidentified energy source, but first they must understand its origins and intentions. Seeking to overcome the powerful forces of evil, our intrepid group of mortals are drawn into a conflict greater than any of them could ever have imagined. With time running out, can Earth be saved from the peril of death and destruction or will evil prevail in the final conflict...?
