

Squanto Undead: Wake the Undead Part 4 (An Alternate History Horror Novel)

A war is coming that neither side is willing to back down from. Unbooko and his army of Native warriors have put together an elite fighting force to track down Squanto and his white skinned companions, while Squantos father, the Chief of the Patuxet must choose between protecting his Son or putting their entire tribe at risk. With Chatima leading the invading army deep into the mountains, Squanto and Torgo must train their own group of warriors to defend against the coming onslaught. Its all heading toward the final battle and nothing is going to get in their way. Heres what one reviewer had to say about Part 1 of the series- 5.0 out of 5 stars Surprisingly Amazing!!!! March 5, 2013 This novella was sooooo good! I usually dont read books under 100 pages. But this one caught my attention. I love historical fiction, Native Americans, vampire, zombie and ectera books. I have been longing for someone to write a story about NA or historical zombies because I wondered what people would do if that happened back then. Well I got it answered in this story! Amazing writing and storyline! Cant wait for the sequel. HIGHLY HIGHLY RECOMMEND!!!
