

## Sukses dengan Satu Istri: SUDESI (Indonesian Edition)

Synopsis: Marriage life is not only beautiful, not only great, but noble. The beauty can change because passion can diminish, yet it can also increase. The nobility can be temporarily clouded. However the nobility stays the same, forever. Because the nobility is when we show our worth to be loved and to love. That is nobility in Gods glory. That is estimatedly the idea presented by Jati Sukmono, sudesi--- successful with one wife. But is a Jati Sukmono who inflames and formulates husband-wife relationship can still be consistent, if the experiment is on him? If his wife turns out to be in a relationship with her former high-school flame, and in fact Agus whom he thinks is his biological child is the fruit of the infidelity? Can Jati Sukmono still be able to tell story about how to forgive? How is his attitude? In Sudesi, secrets that emerge from his experience as a husband for 20 or so years are revealed, and why is marriage be an answer to love, and not the question.
